D E C R E E

Our focus is to create an atmosphere where we can experience the life-changing power of Jesus Christ. We are passionate about bridging gaps, connecting people, and city transformation. As a life-giving church, we are multi-cultural and multi-generational on a mission to change our city. We're building a community that's breaking down walls of division and connecting hearts of people from all races and all backgrounds. We are a Kingdom culture, where everyone is empowered and many become one.

With a heart for people and our city, Pastors Duaine & Tosha are driven to see St. Louis experience the transformational message of the Kingdom. As bridge-builders, their desire is to invest in present and future generations by creating a system that develops people to become disciples of Christ and Influencers who shift culture.

WE ARE ABOUT OUR FATHER'S BUSINESS...HIS HEART IS OUR PURPOSE

# NEXT LEVEL

Amazement fills our hearts when we think about the last few years. The best way to describe it is simply pointing to God's intense faithfulness. It started with a simple yet life-changing command from the Lord, one wrapped up in a charge to start a life-giving ministry in the fabric of a new city.

In 2012 we did just that, and what initially seemed unthinkable had now become unquestionable as we walked on God's Word. Leaving everything familiar, we embarked on this remarkable assignment and started Purpose Church in the great city of St Louis. These years have been the most challenging and rewarding of our lives. In a few short years, God has shown favor and given us a unique voice in unusual opportunities. Lives have been changed, destiny has been launched, and eternity has been impacted.

Now we're prime for the NEXT LEVEL. Your Partnership will make the difference.

After 5 years of groundbreaking ministry, we are poised to expand our reach and I believe we are poised to show our region excellent Kingdom ministry with greater capacity, but we NEED YOU. No matter how you partner it makes a difference here and beyond. The time is NOW. There is no time like Today to expand the borders of true transformation. Consider Partnering with us to further advance God's Kingdom in our city

# ENCOUNTERS

Purpose Church is finding practical ways to respond to the needs of our city. Yet our passion is to move beyond simply giving 'another program'; we want to provide life-changing ENCOUNTERS. Our plan is to choose 6-10 strategic weekends to give our community meaningful encounters. Why 6-10? Because we believe communities are transformed by genuine relationships, not just limited exchanges. Through consistent life-giving events designed to give answers that every heart craves, we will effectively provide various solutions that tackle practical needs along with the One Answer that saves the soul in need. Parks, schools, open fields, and marketplaces are great places to engage with people. Encounters are family friendly occasions wrapped in an atmosphere filled with fun and excitement!

We meet people right where they are.

These moments are opportunities for you to use your time, talents, and resources to be a vital part in reaching our city.

Thank You!

An aerial photograph of a city, likely St. Louis, is the background. It is overlaid with a large, semi-transparent circular graphic that contains a network of thin lines connecting various points, resembling a globe or a data network. The overall color palette is dark, with shades of teal, green, and grey.
